Linda Crawford, Principal

Dear Laura,

On behalf of the students and staff at Mitchell Elementary School, I would like to take this opportunity to thank you and Western Area Power for the computer donation that was made to our school. The donation will help us upgrade our classroom technology with computers that are much better than many of the machines that we have at this time. Our technology department is working diligently to place the machines in the classrooms with the most needs.

The impact of the support of the business community in schools is tremendous. Without that support, it is very difficult for schools to budget in many needs in the area of technology. I commend you and those in your company for assisting the schools in your neighborhood.

Again, thank you for the computer donation. It will be put to good use serving the students at Mitchell Elementary School. I am enclosing some notes from students at our school.

Sincerely,

Linda Crawford
Principal
